TO WHOM IT MAY CONCERN

DR VIVIENNE MAXINE DAMELIN

Dr Damelin commenced her formal postgraduate training in Psychiatry in our Department in 1987. She completed her registrar training in 1990. During this period she received training and worked clinically in the fields of general adult psychiatry, child psychiatry, consultation liaison psychiatry, forensic psychiatry, old-age psychiatry and community psychiatry. She is familiar with the management of acute, medium-term and long-term hospitalised patients. She worked extensively in outpatient settings as well.

In 1987 she successfully passed the Part I of the Master of Medicine (Psychiatry) and in 1990 the Part II. In 1995 she submitted her dissertation which was entitled "A longitudinal prospective analytic study of consultation-liaison referrals to a General Hospital Psychiatric Unit". This was approved and she was formally awarded the postgraduate degree of Master of Medicine (Psychiatry).

Dr Damelin is of pleasant disposition and high moral standards. She works well with team members. Her interactions with staff members were all appropriate. Her relationship with patients was very good, displaying appropriate warmth, care and empathy.

Dr Damelin can be recommended for a post as a psychiatrist.

Sincerely

DR M G NAIR MB ChB, M Med (Psych), F C Psych, M D
Deputy Head

22 October 1998
